PROFILE

- Experienced PHP Developer with 2+ Years of hands-on experience in web development. I specialize in a wide range of technologies and frameworks, Throughout my career, I have successfully delivered high-quality projects, collaborating with cross-functional teams and ensuring timely completion. I possess strong problem-solving skills, attention to detail, and a passion for creating efficient and user-friendly applications.

WORK EXPERIENCE

calibration engineer

Mallet Technology Pvt. Ltd.

Nov 2022 - April 2023

- As a Calibration Technician at Intas Pharmaceuticals in Ahmedabad, I ensure our instruments are always on point! From keeping meticulous records to calibrating 1,300 devices for Electrical, Thermal, Process, and Mechanical parameters, precision is my passion.

junior trainee

Devweb Technology, Rajkot, Gujarat

May 2023 - Oct-20

- Experienced web developer with a robust background in development. I even have a good amount of the experience includes programming, debugging, and PHP. Creating dynamic websites and business applications using different programming languages, including HTML/CSS, JS, PHP, and SQL. I even have the flexibility to handle a good range of duties like designing, developing, and executing programs.

Enliven Digital Content

Dec 2023 - April 2024

- Proficient in developing robust web admin panels, I contributed to Jyoti CNC Machine Manufacturing's success by designing and implementing a user-friendly interface using HTML, CSS, PHP, MySQL database, Ajax, and JavaScript. My responsibilities included database management, dynamic content updates, and seamless user interactions, showcasing my expertise in full-stack web development. Developed Rockrush Diamond's web admin panel using HTML, CSS, JavaScript, MySQL, Ajax, and PHP framework CodeIgniter.

D P Infonet

July 2024 - Present

- Lead and manage D P Infonet, a digital agency offering web design, app development, branding, and digital marketing. Oversee operations, client relations, and project execution. Develop responsive websites and web apps using PHP, MySQL, HTML, CSS, and JavaScript. Build advanced features like job portals and data systems. Collaborate with cross-functional teams to deliver innovative, results-driven digital solutions.
